

August 11, 1987

TO: File

FROM: Frank J. Filas, Reclamation Engineer

RE: Road Mine, DOE/037/030

On July 28, 1987, I spoke briefly with Bill Collins of Plateau Resources concerning the Road Mine. He stated that Plateau Resources had blasted the portals shut, but all of the reclamation had not been completed to date pending a decision by the U.S.F.S. regarding road reclamation.
